### About SharpSpring

- Agency-focused marketing automation company
- Founded 2012, launched Jan 2014
- 1000+ agencies around the world
- Global network of support and partners

# New to Marketing Automation?

Marketing automation is a suite of tools used to segment and nurture prospects with highly personalized, useful content that helps convert leads to customers and turn customers into advocates.

---

## The 3 Key Benefits:

### Drive More Leads

More than just more. Drive relevant leads that convert

### Convert Leads to Sales

Close business by sending exactly the right message at exactly the right time using powerful, behavior-based communication

### Optimize Your Spend

Double down on what works and axe what doesn't. Comprehensive reports make it easy.

---

What Can You Automate?

---

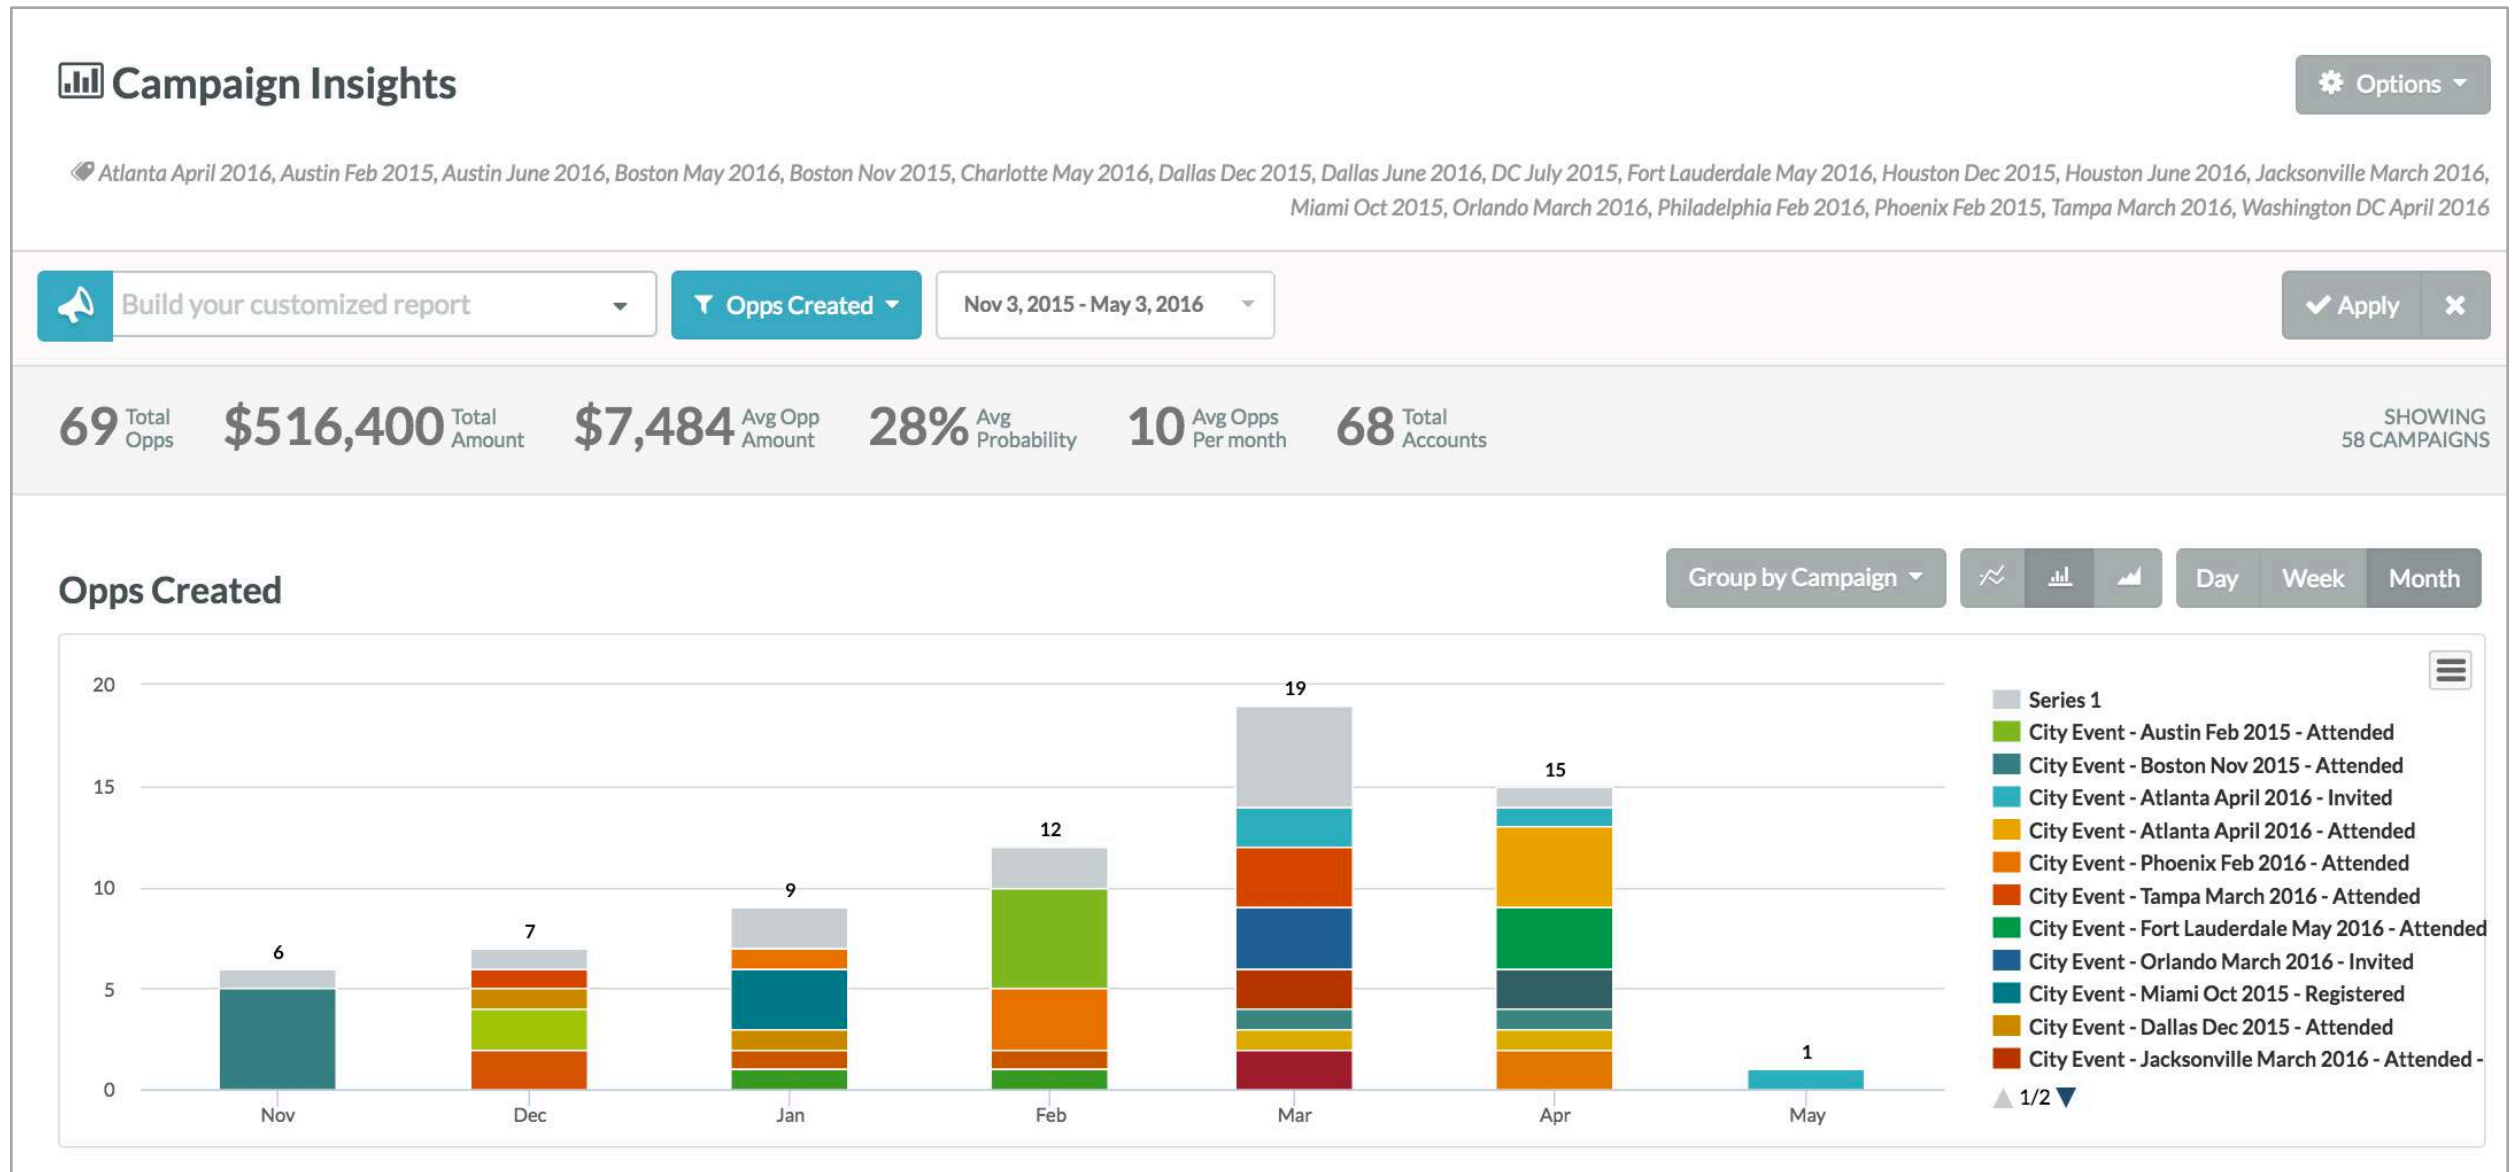

# What Can You Automate?

- Marketing/lead-gen processes
- New lead responses
- New lead assignment
- Lead organization
- Lead nurturing
- Sales processes
- Customer service processes

# Automate Campaign Tracking And Reporting Processes

- No more “goal conversion” detective work!
- Know what works and what doesn't in real time.
- Create standard reports to run monthly, weekly, daily, etc.

# Automate New Lead Response, Allocation, Organization And Nurturing

when all of the following conditions are met RULE GROUP 1

Add the Filter : When a contact visits from the email

Select an Email 1 time exactly

(Optional) By clicking the link Ex:  Add Rule

---

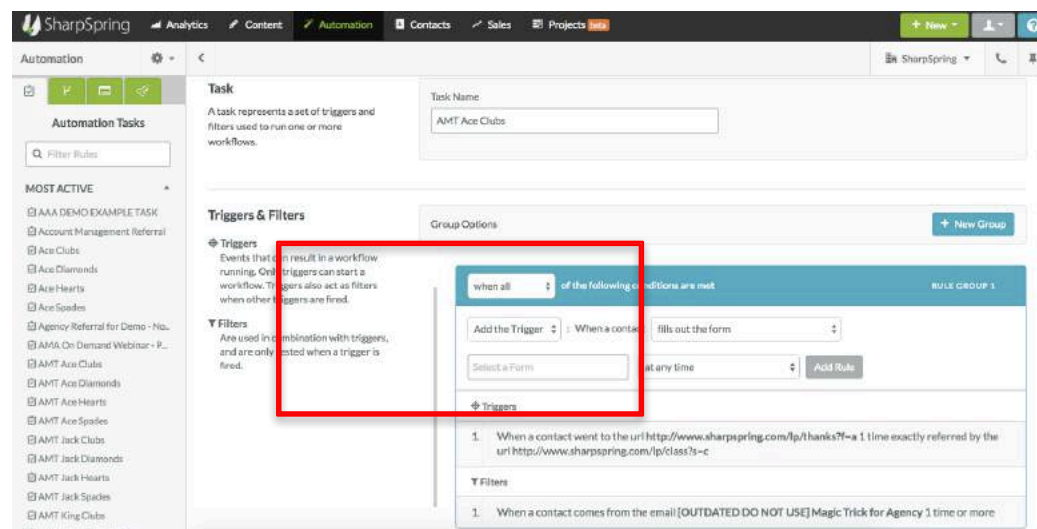

**Triggers**

1. When a contact went to the url <http://sharpspring.com/thank-you> 1 time exactly referred by any url

---

**Filters**

1. When a contact comes from the email CRM Release 1 time or more

Respond to a lead within 1 hour and you're 7X more likely to have a meaningful conversation than companies who take 1-2 hours to respond.

# Automate New Lead Response, Allocation, Organization And Nurturing

4 Days after start

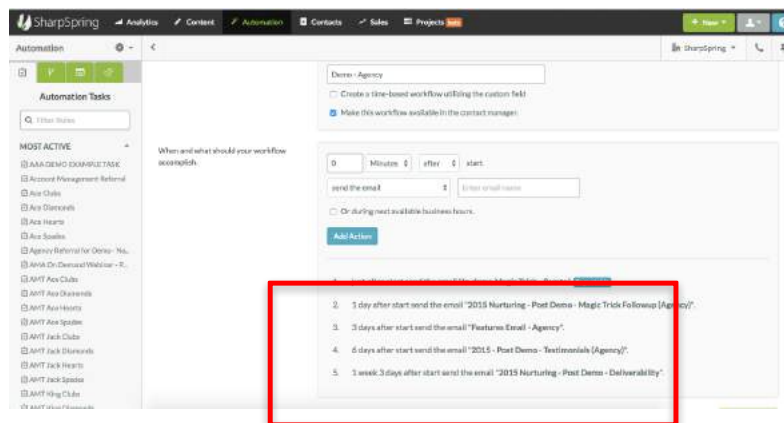

send the email

Or during next available business hours.

**Add Action**

---

- 1 minute after start assign lead owner to **James Davis**.
- 1 minute after start send a notification to **Lead Owner** when available, otherwise send to **Rick Carlson** via email and via text message.
- 1 minute after start change lead field **Communication Stage** to value **Demo Requested**.

# Other Ways You Can Use Automation

- Recruiting talent – use the same tactics as lead gen!
- Brand identity management – use ma to help your marketing team control all visuals by distributing them via the media library. (E.G. Templates, logos, headers/footers, overall brand look and feel)
- Event management – use ma to promote your own events. (E.G. Recruiting events, community outreach)
- New customer onboarding – automate the initial onboarding and education process. (E.G. Series of educational videos where one is sent via email only when the previous has been viewed)
- Customer education + retention – keep customers informed and educated. (E.G. Newsletters, new product launches, satisfaction surveys)
- Upselling/cross-selling – look at pages visited, papers downloaded and combine with contract info to know when someone is ready to renew or expand their service. (E.G. SS mail+ to sharpspring MA)

# BUT WHY EMAIL?

(YOU PROBABLY ALREADY KNOW)

- 3,800% ROI: Make \$38 on every \$1 spent
- B2B: 11x more organizations using marketing automation in 2014 than in 2011.
- Automated email messages average 70.5% higher open rates and 152% higher click-through rates than “business as usual” marketing messages.
- B2C marketers who leverage automation have seen conversion rates as high as 50%.
- It is our main pipeline for digital communication... still.

# CUSTOMER PATHWAYS

## TIPS & TRICKS

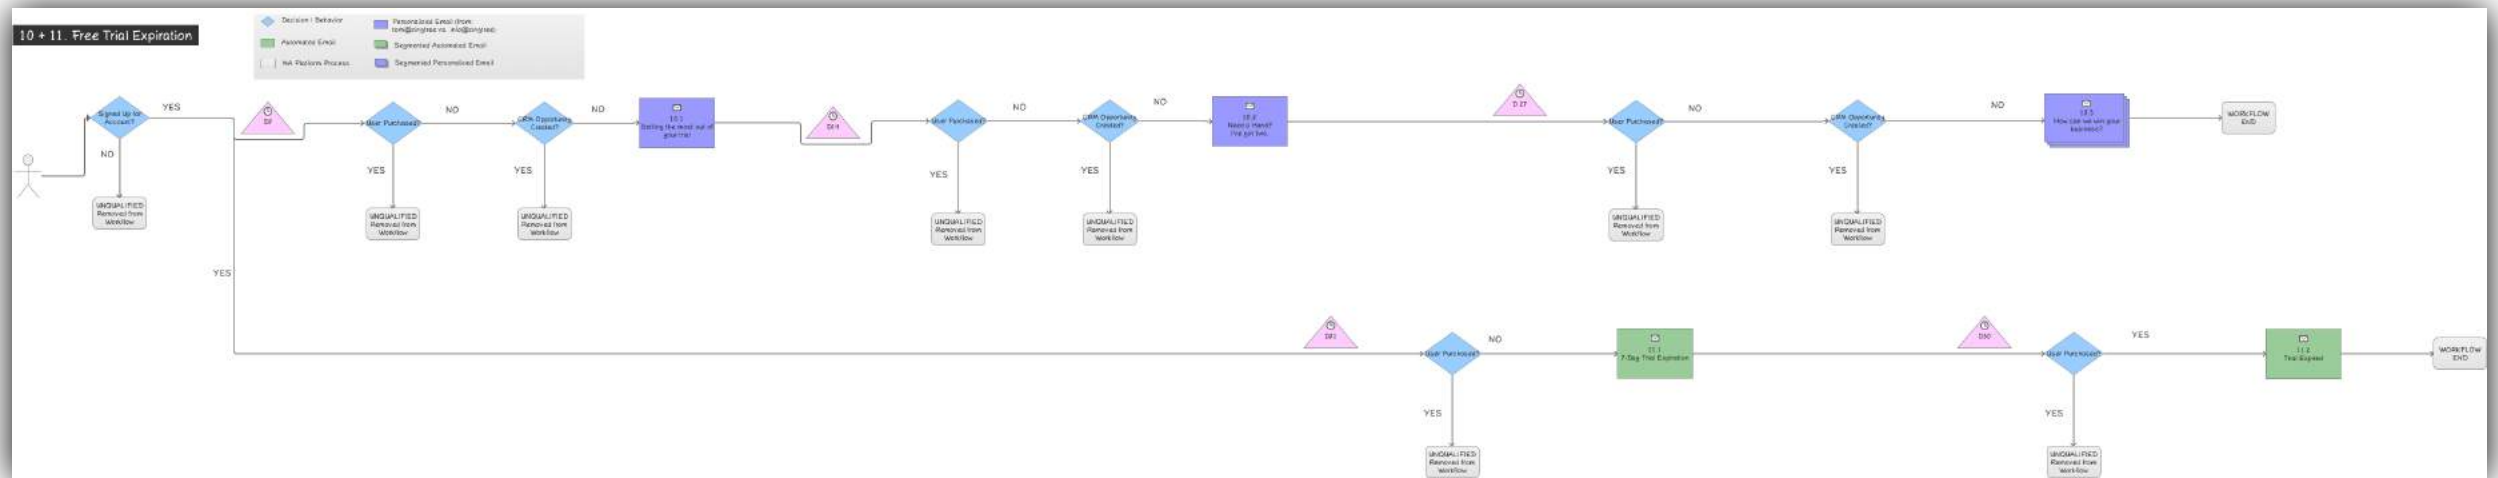

- Look at your website flow / conversion funnel
  - How many steps does the customer need to make to purchase? Each step is a potential email trigger
- SharpSpring tracking: add snippet of code to the pages you want to track, associates users to the campaign)
  - Anchor tab tracking lets you mark a specific location on a single page ("sign up" / "products")
- Inspectlet: website heat-mapping and user monitoring in real-time
- Google Analytics: more granular and in-depth data about user sessions and demo

# TIPS & TRICKS

## WHAT WE'VE LEARNED

- B2B: Frequency is key
- Date matters, and it's always different per client
- Automated email messages are best served in the AM
- For Transactional: D1, D3, D7... then, month increments
- The shorter, the better
- Strategic repetition and images over heavy text
- Use personalization (code for First Name)
- Email On Acid / SharpSpring

**DEAR CLIENT...**

ALWAYS REMEMBER:

WHO YOU WORK  
FOR... REALLY

# GOTTA PLEASE EM ALL!

## WHAT WE'VE LEARNED

- Ownership of email marketing: platform and production
- New Campaign Reports screenshots
- Crafting, editing, deployment, data collection
- Invest in your code: hire a template designer
- SharpSpring Shopping Cart functionality & conversion tracking
- Careful of internal crowds (\$\$\$)
- Infinite possibilities!

  - Free For Your Agency

I've used other automated marketing platforms at another agency, however they are wildly expensive and more geared towards large business. SharpSpring was affordable enough for our small agency and our small business clients. SharpSpring is by far, my favorite 3<sup>rd</sup>-party vendor. Truthfully it is the product as a whole that really made us decide we NEEDED to use it.

At the top, there's a navigation bar with the Aespire logo and menu items: Analytics, Content, Automation, Contacts, Sales, and Projects (beta). Below this is a 'Campaigns' section with a settings gear icon. The main content area is titled 'Campaign Insights' and features a search bar for reports, a 'Build your customized report' button, and a 'Contacts & Leads' dropdown menu. Key performance indicators are displayed: 5,994 Unique Leads, \$0.69 Total Cost Per Lead, 403 Working Opps, 105 Total Sales, and \$1,338,500. A 'Contacts & Leads' section at the bottom shows a bar chart with a value of 1,893.

The features that are packed into their product offering are incredibly valuable, and their customer service is off the charts great, you really don't have to look anywhere else.
